

Modern Slavery Statement

1st January 2026 to 31st December 2026
Surecall Recruitment Ltd

This statement has been published in accordance with Section 54 of the Modern Slavery Act 2015. It sets out the steps taken by **Surecall Recruitment** for the period **1st January 2026 to 31st December 2026** to prevent modern slavery and human trafficking in its own business operations and supply chains.

Introduction

Modern slavery is a crime and a violation of fundamental human rights. It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another to exploit them for personal or commercial gain. Surecall Recruitment has a zero-tolerance approach to modern slavery and is committed to acting ethically and with integrity in all its business dealings and relationships and to implementing and enforcing effective systems and controls to ensure modern slavery is not taking place anywhere in its own business or in any of its supply chains.

Surecall Recruitment is also committed to ensuring there is transparency within its business and in its approach to tackling modern slavery throughout its supply chains, consistent with its disclosure obligations under the Modern Slavery Act 2015.

Surecall Recruitment expects the same high standards from all its contractors, suppliers, and other business partners, and as part of its contracting processes includes specific prohibitions against the use of forced, compulsory or trafficked labour, or anyone held in slavery or servitude, whether adults or children, and we expect that our suppliers will hold their own suppliers to the same high standards.

This policy applies to all persons working for us or on our behalf in any capacity, including employees at all levels, directors, officers, agency workers, seconded workers, volunteers, interns, agents, contractors, external consultants, third-party representatives, and business partners.

Key focus areas

In the current financial period 2025, Surecall Recruitment continues to focus on the following key areas.

1. The communication of our zero-tolerance approach to modern slavery to all our customers, registered agency workers, suppliers, contractors, and full-time Surecall employees.
2. Ensuring all Surecall staff are fully aware of the policies and agency worker management processes we have in place to prevent the existence of modern slavery activities through our business. This includes awareness of the consequences of not complying to Surecall's Anti-Slavery processes.
3. Surecall staff are fully trained to apply these anti-slavery processes mentioned in point 2, through our candidate registration and management system "joined up".
4. Our "joined up" system is regularly reviewed, monitored and updated to ensure it continues to have the required compliance checks in place to prevent modern slavery recruitment practices entering our business.

Governance structure

1. The board of directors has overall responsibility for ensuring our anti – slavery processes comply with our legal and ethical obligations, and that all those under our control comply with it.
2. The compliance management team has primary and day-to-day responsibility for implementing this policy, monitoring its use and effectiveness, dealing with any queries about it, and auditing internal control systems and procedures to ensure they are effective in countering modern slavery.
3. Management at all levels are responsible for ensuring those reporting to them understand and comply with this policy and are given adequate and regular training on it and the issue of modern slavery in supply chains.
4. Surecall Staff are invited to comment on Modern Slavery policies and processes and suggest ways in which they might be improved. Comments, suggestions and queries are encouraged and should be addressed to the compliance manager.

Due diligence

We have invested heavily in ensuring we are fully compliant against modern slavery across all areas of our business. This includes

Efficient App-Based Platform – The app promotes direct seamless communication between candidates and agency staff

Comprehensive Candidate Profiling - Candidates' complete profiles and answer specific questions to ensure UK eligibility and role suitability

Stringent Compliance Ratings - Candidates rated out of 100% for compliance; below 100% means ineligibility for client employment

Record-Keeping - Flags for documenting work-related conduct issues, criminal history, violent behaviour or potential Modern Slavery breaches.

Responsible recruitment

Surecall does not use any third parties for its recruitment requirements. All workers registered with Surecall have been directly recruited by Surecall.

Before a Surecall worker is assigned to a client they will have passed a “**Comprehensive Worker Qualification Process**”.

This process includes the following.

- **Thorough Assessment** - Before representation on a client site, our workers undergo meticulous evaluations.
- **In-Person Interviews & Site Inductions** - Face-to-face interviews and site-specific inductions ensure alignment with client needs.
- **Document & Background Checks** - Verification of eligibility to work in the UK and comprehensive background assessments.
- **Bank Details** - These are acquired to ensure workers are paid directly for their work. Not through a 3rd party agent
- **Driver Proficiency Testing** - Driver Tacho & Highway code tests to ensure driver competence.
- **Regular DVLA Checks** - Ongoing DVLA checks every 3 months for HGV and Van Delivery Drivers.

- **Safety and Security Assurance** - Our rigorous process ensures the safety and security of both clients and workers from potential Modern Slavery networks.

We only pay workers

To prevent the potential for Modern Slavery entering our staff management practices, Surecall pays its workers directly. No Surecall registered worker is ever paid through a 3rd party agent or umbrella company. Workers must provide bank account details set up in their own name and registered to their home address before they can start work. Once they start work their pay is paid by Surecall directly into their bank account.

To facilitate direct payment Surecall has a dedicated team which manages the payroll relationship between our clients and our workers who serve them. The Surecall payroll team provides our workers with the following features and benefits

- **Automated Processes** - Automated clock-in/out via facial recognition or app for simplicity.
- **Accurate Calculations** - Automatic hour and pay calculations ensure weekly payments for workers.
- **Real-Time Access** - Candidates can view pay slips, hours, rates, tax deductions, and more in real time via the app.
- **Transparency Focus** - Designed for transparency to eliminate worker confusion about pay.

Training and awareness

Because all our compliance practices including Modern Slavery are incorporated within our candidate management system “joined up”, we have prioritised staff familiarity with using “joined up” over other training activities. Staff competency using “joined up” eliminates all risk of Modern Slavery impacting our business.

All operational staff in the past 12 months have attended “Joined up” user courses and these have been supplemented by ongoing “on the job training” facilitated by the Compliance Management Team.

Training provided to all staff via IMPROVE E-Learning Software platform.

Plans for more specific modern slavery training are currently being developed with the

Collaboration and partnership working

We work closely with all of our clients to ensure that we continue to comply with their own Modern Slavery requirements and provide assistance in helping to shape their policies if requested to do so.
